

CHICAGOLAND LIONEL RAILROAD CLUB
March 18, 2017

Our March Open House showed off our NEW coal loading facility in its infancy. The Coal Mine and Loading function of our layout are under the direction of **Jeff Mills**. He has set up a loading station with its own yard from the nearby (to be built) coal mine.

Jeff operating the coaling facility

Setting up a train for coal loading

Coaling Station Loading gondola cars

John Billone brought in his son William and nephew Miguel showing off their Lionel Shirts.

Jordan gets a shoulder view with Eric and Jessica. They also enjoyed the Island Sodor with Thomas and his friends.

Lynn and Lucas enjoy the carnival area of the Island Sodor.

Alex watches the new Lionel GG1 as it comes out of the tunnel on the CLRC Beltline Layout.
