

CHICAGOLAND LIONEL RAILROAD CLUB
February 18, 2017

The Christmas Season may be over, however, the trains are still running with **Bill Hermdobler** running the “Accessory Canyon” that he has put together. **Bill** has taken on by himself to wire and stock this CLRC feature. Activities have always been a big part of Lionel Railroading. With the Barrel Loader, Milk Unloader, Sawmill, Log Unloader and more there is much enjoyment participating in the Hermdobler Canyon.

Bill with Dave, Quinn, Landon operate the many accessories in Hermdobler Canyon.

John and Corbin enjoy our Open House

Joanne and Drew enjoy running the horn with Ed

...and then seeing the layout
