SOMETHING'S IN THE BATHROOMS!

The next time you go to one of our bathrooms, I am sure that you will notice the great decorations. **George Stangel** has been dressing up our facilities for many years. After he put in the vanities and other fixtures in the bathrooms, he placed pictures, railroad artifacts and railroad pictures. I enjoy being able to read the picture details as I am taking care of the moment's needs.

I also enjoy one of George's posters stating that **"EMPLOYEES MUST WASH HANDS. IF AN EMPLOYEE IS NOT AVAILABLE, PLEASE WASH YOUR OWN."** In maintaining these pictures, **George** continually rotates them so the bathrooms are always fresh with current content.

Some of **Georges** other pictures.
